Revised

Stanley Harper, Superintendent
Salmon River Central School District
637 County Route 1
Fort Covington, NY 12937

Dear Superintendent Harper:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review (APPR) plan meets the criteria outlined in Education Law §3012-d and Subpart 30-3 of the Commissioner's Regulations and has been approved. As a reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR plan. If any material changes are made to your approved plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teachers' or principals' overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support his or her professional growth, and every student achieves college and career readiness.

Thank you again for your hard work.

Sincerely,

Betty A. Rosa
Commissioner

Annual Professional Performance Review - Education Law §3012-d, amended in 2019**Task 2. TEACHERS: Required Student Performance - Information and Assurances**

Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Each teacher shall have a Student Learning Objective (SLO) locally determined, consistent with the goal-setting process determined by the Commissioner.

Student Learning Objectives (SLOs)

For guidance on SLOs, see NYSED SLO Guidance.

SLOs shall be used for the required student performance measure for all teachers. The following must be used as the evidence of student learning within the SLO.

MEASURES

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the student population of a course for which the teacher directly contributes to student learning outcomes.

> Teacher and course-specific

- **Teacher and course-specific results:** scores and ratings will be based on the growth of students in the teacher's course in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple sections of the same course or across multiple courses where more than one teacher either directly or indirectly contributes to student learning outcomes. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where teachers have an opportunity to collectively impact student learning;
- identifying which assessments could be used to help foster and support an LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> School- or program-wide

- **School- or program-wide results:** scores and ratings will be based on the growth of all students in a school or program who take the applicable assessments in the current school year.
- **School- or program-wide group or team results:** scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses in the current school year.
- **School- or program-wide linked results:** scores and ratings will be based on the growth of students enrolled in the teacher's course in the current school year taking assessments in other grades/subjects.

> District- or BOCES-wide

- **District- or BOCES-wide results:** scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results:** scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses across buildings/programs in an LEA in the current school year.

ASSESSMENTS

Any of the measures above may be used with one or more of the following assessment types.

- **State assessment(s); or**

Annual Professional Performance Review - Education Law §3012-d, amended in 2019**Task 2. TEACHERS: Required Student Performance - Information and Assurances**

Assessment(s) that are selected from the list of State-approved:

- **third party assessments;** or
- **locally-developed assessments** (district-, BOCES- or regionally-developed).

SLO Assurances

Please check the boxes below.

- ☒ Assure that the teacher has an SLO as determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- ☒ Assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- ☒ Assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- ☒ Assure that if a teacher's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- ☒ Assure that processes are in place for the superintendent to monitor SLOs.
- ☒ Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.
- ☒ Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.

Task 2. TEACHERS: Required Student Performance - Weighting

Use of the Optional Subcomponent and Student Performance Category Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the percentage of Student Performance category attributed to the Required subcomponent will be locally determined.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.

Annual Professional Performance Review - Education Law §3012-d, amended in 2019**Task 3. TEACHERS: Optional Student Performance - Use of the Optional Subcomponent**

Optional Student Performance Subcomponent

For guidance on the Optional subcomponent of the Student Performance measure, see NYSED APPR Guidance.

Percentage of Student Performance category to be locally determined if selected.

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the LEA and be a locally selected measure of student growth or achievement based on State-created or -administered assessments or State-designed supplemental assessments.

Options for measures and associated assessments include:

- Option (A) A second SLO, provided that this SLO is different than that used in the required subcomponent;
- Option (B) A growth score based on a statistical growth model, where available, for either State-created or -administered assessments or State-designed supplemental assessments;
- Option (C) A measure of student growth, other than an SLO, based on State-created or -administered assessments or State-designed supplemental assessments;
- Option (D) A performance index based on State-created or -administered assessments or State-designed supplemental assessments;
- Option (E) An achievement benchmark on State-created or -administered assessments or State-designed supplemental assessments; or
- Any other collectively bargained measure of student growth or achievement included in the LEA's evaluation plan.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any teacher.

Annual Professional Performance Review - Education Law §3012-d, amended in 2019**Task 4. TEACHERS: Observations - Rubric and Scoring****Teacher Observation Category**

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Teacher Practice Rubric

Select a teacher practice rubric from the menu of State-approved rubrics to assess performance based on the observable NYS Teaching Standards.

| | |
|--|---|
| Rubric Name | If more than one rubric is utilized, please indicate the group(s) of teachers each rubric applies to. |
| NYSUT Teacher Practice Rubric (2014 Edition) | (No Response) |

Rubric Assurances

Please check all of the boxes below.

- ☒ Assure that all observable NYS Teaching Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual observations.
- ☒ Assure that the process for assigning points for the Teacher Observation category will be in compliance with the locally-determined subcomponent weights and overall Observation category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☒ Assure that the same rubric(s) is used for all classroom teachers in a grade/subject across the LEA, provided that LEAs may locally determine whether to use different rubrics for teachers who teach different grades and/or subjects during the school year as indicated in the table above.
- ☒ Assure that the same rubric(s) is used for all observations of a classroom teacher across the observation types in a given school year.

Process for Weighting Rubric Domains/Subcomponents

For guidance on the Teacher Observation category, see NYSED APPR Guidance.

Please describe the process for rating and scoring the selected practice rubric consistent with the Department's regulations.

Your description should provide the complete process, including the following:

- The process for designating observable components (please note: all educators of the same grade/subject must be evaluated based on the same set of observable components);
- The level at which components of the chosen rubric are rated (i.e., domain, subdomain, indicator, etc.);
- How the final score and rating for each observable component of the practice rubric is determined for each observer; and
- How the final score for the required (i.e., lead evaluator/evaluator; independent evaluator) and/or optional (peer observer, as applicable) subcomponent of the Observation category is determined based on the final score and rating for each observable component.

Example: All subcomponents of Domains 2-4 of the Danielson rubric have been negotiated as observable. Domains 2 and 3 are weighted as 40% each, and Domain 4 is weighted as 20%. For each observation, all observed subcomponents in a domain are weighted equally and averaged to create a domain score, which is then weighted as above and averaged to reach a final score for each observation. Scores for each observation are weighted equally and averaged to reach a final score for each observation type. The district will ensure that all subcomponents designated as observable will be observed at least once across the observation cycle.

All observable components will be weighted equally and averaged.

Scoring Assurances

Annual Professional Performance Review - Education Law §3012-d, amended in 2019

Task 4. TEACHERS: Observations - Rubric and Scoring

Please check each of the boxes below.

- ☒ Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.
- ☒ Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Teacher Observation Scoring Bands

The overall Observation score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

| | Overall Observation Category Score and Rating | |
|----------|--|--------------|
| | Minimum | Maximum |
| H | 3.5 to 3.75 | 4.0 |
| E | 2.5 to 2.75 | 3.49 to 3.74 |
| D | 1.5 to 1.75 | 2.49 to 2.74 |
| I | 0.00* | 1.49 to 1.74 |

* In the event that an educator earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

HEDI Ranges

Using the dropdown menus below, please indicate the locally-determined rubric scoring ranges based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents for each of the rating categories.

Observation Assurances

Please check all of the boxes below.

- ☒ Assure that the following elements will not be used in calculating a teacher's Observation category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; and/or use of professional goal-setting as evidence of teacher effectiveness. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.
- ☒ Assure that the length of all observations for teachers will be conducted pursuant to the locally-determined durations.
- ☒ Assure that at least one of the required observations will be unannounced.

Required Subcomponent 1: Observations by Principal(s) or Other Trained Administrators

At least one observation must be conducted by building principal or other trained administrator and at least one of the required observations must be unannounced (across both required subcomponents).

- LEAs may locally determine whether to use more than one observation by principal or other trained administrator.
- Nothing shall be construed to limit the discretion of management to conduct observations in addition to those required by this section for non-evaluative purposes.
- The frequency and duration of observations are locally determined.
- Observations may occur in person or by live or recorded video, as determined locally.

Indicate the minimum number of unannounced and announced observations by principal(s) or other trained administrators, as well as the method of observation, in the table below.

Task 6. TEACHERS: Additional Requirements - Appeals

Appeal Assurance

Please check the box below.

- ☒ Assure the LEA has collectively bargained appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.

Appeals

Pursuant to Education Law §3012-d, a teacher may only challenge the following in an appeal to their LEA:

(1) the substance of the annual professional performance review; which shall include the following:

(i) in the instance of a teacher rated Ineffective on the Student Performance category, but rated Highly Effective on the Observation category based on an anomaly, as determined locally;

(2) the LEA's adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d;

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents; and

(4) the LEA's issuance and/or implementation of the terms of the teacher improvement plan, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

Annual Professional Performance Review - Education Law §3012-d, amended in 2019**Task 6. TEACHERS: Additional Requirements - Appeals**

Describe the procedure for ensuring that appeals of annual performance evaluations will be resolved in a timely and expeditious manner.

Appeals of Annual Professional Performance Reviews

The purpose of the internal APPR appeal process is to foster and nurture growth of the professional staff in order to maintain a highly qualified and effective work force. All tenured and probationary employees who meet the appeal process criteria identified below may use this appeal process. A teacher may not file multiple appeals regarding the same performance review or TIP. All grounds for appeal must be raised within one appeal.

APPR Subject to Appeal Procedure

Any unit member aggrieved by an APPR rating of either "ineffective," or "developing" may challenge that APPR.

In accordance with Education Law §3012-d, an APPR which is the subject of a pending appeal shall not be sought to be offered in evidence or placed in evidence in any Education Law §3020-a proceeding or Education Law §3020-b proceeding, or any locally negotiated procedure, until the appeal process is concluded.

Grounds for an Appeal

An appeal may be filed challenging the APPR based upon one or more of the following grounds:

- a. The substance of the Annual Professional Performance Review, including in the instance of a teacher rated Ineffective on the Student Performance Category but rated Highly Effective on the Observation Category based on an anomaly, as determined locally.
- b. The district's failure to adhere to the standards and methodologies required for the Annual Professional Performance Review, pursuant to Education Law §3012-d and applicable rules and regulations;
- c. The district's failure to comply with either the applicable regulations of the Commissioner of Education, or locally negotiated procedures;
- d. The district's failure to issue and/or implement the terms of the Teacher Improvement Plan, where applicable, as required under Education Law §3012-d.

Notification of the Appeal

In order to be timely, the notification of the APPR appeal shall be filed, in writing, within twenty (20) school days after the teacher has received the APPR. Notification of the appeal shall be provided to the superintendent of schools or his or her designee. If a teacher is challenging the issuance or implementation of a teacher improvement plan, the appeal must be submitted in writing within twenty (20) school days of issuance or of the time when the teacher knew or should have known of an alleged implementation breach of such plan.

When filing an appeal, the teacher must submit a detailed written description of the specific grounds for the appeal as well as the performance review and/or improvement plan being challenged.

Assigned Administrator's written response to appeal

Within ten (10) school days of the Superintendent's receipt of an appeal, the supervising administrator must submit a detailed written response. The response must include any and all additional documents or written materials that are specific to the point(s) of disagreement and/or are relevant to the resolution of the appeal. Material not submitted at the time the response is filed shall not be considered in the deliberations related to the resolution of the appeal.

Decisions on Appeal

Step 1 – Meeting with the supervising administrator

This meeting will occur within 5 school days from when the member received the written response from the supervising administrator.

The bargaining unit member shall upon request be entitled to an Association representative being present. This meeting shall be an informal meeting wherein the authoring administrator and the employee are able to discuss the evaluation and the areas of dispute. If the bargaining unit member is not satisfied with the outcome, he/she may proceed to the second step. The second step shall be initiated by the unit member and/or Association notifying the Superintendent in writing, within five (5) days of the conclusion of the meeting.

Step 2 - Superintendent

a. Within five (5) school days of the meeting, if a teacher and/or the Association is not satisfied with such response the teacher and/or Association must submit the appeal to the Superintendent of Schools, or the Superintendent's designee. The superintendent or designee will be provided all documentation submitted in step one of the appeal and the responses from the evaluator. In the case where the Superintendent and the evaluator is the same person, the Superintendent will designate at least two (2) administrators to act as proxy.

b. Within five (5) school days of receipt of the teacher's appeal, the Superintendent or designee will conduct a hearing at which the teacher (and

Annual Professional Performance Review - Education Law §3012-d, amended in 2019**Task 6. TEACHERS: Additional Requirements - Appeals**

representative at the option of the teacher) and the evaluator (and representative at the option of the evaluator) will be allowed to present oral arguments in support of the appeal and the response, respectively.

c. Within five (5) school days of the Superintendent hearing, the Superintendent or designee will issue a written determination to the teacher, the Teachers' Association President, and the evaluator.

Step 3 - Binding Arbitration

Within five (5) school days of receipt of the Level 2 determination, if a teacher and the Association are not satisfied with such response the appeal may be submitted to arbitration *if and only if the overall rating is ineffective*. Appeals shall be decided in final and binding arbitration by an arbitrator. A list of three mutually agreed upon arbitrators will be maintained for use. If the District and the Association cannot agree on an arbitrator, the American Arbitration Association will be used. The cost of the arbitration shall be borne equally by the school district and the Association.

If the Association does not agree to take the appeal forward to Arbitration, the teacher may do so at his/her own expense using the procedure set forth above. In that case, if the rating is positively changed, the District shall pay the entire cost of the arbitration. If the rating is unchanged, or negatively changed, the appealing teacher shall pay the entire cost of the arbitration.

The decision shall set forth the reasons and factual basis for each determination on each of the specific issues raised in the appeal. The Arbitrator shall have the authority to rescind, modify, or affirm the rating. The arbitrator will provide a final and binding decision in a timely and expeditious fashion consistent with subpart 30-3 of the Rules of the Board of Regents.

Annual Professional Performance Review - Education Law §3012-d, amended in 2019

Task 6. TEACHERS: Additional Requirements - Training

Training Assurance**Please check the box below.**

- ☒ The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

- 1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
- 2) the process for the certification and re-certification of lead evaluators;
- 3) the process for ensuring inter-rater reliability; and
- 4) the nature (content) and the approximate duration (how many hours, days) of such training.

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.

The Superintendent will ensure that all evaluators (lead evaluators, evaluators, and independent observers) are trained and certified/re-certified in accordance with regulation. All evaluators will be trained with the NYSUT Teacher Evaluation Training provided by BOCES or District Turnkey Trainer. All evaluators shall successfully complete a training course that meets the minimum requirements as prescribed by regulation, and shall be trained on the nine required elements of Regents' Rules 30-3.10. First-time certification training for all evaluators will consist of 2 full days of training. All previously certified Evaluators will attend four hours of training in order to maintain their certification annually. Upon completion of the training for all evaluators, the BOCES or District Turnkey Trainer will certify all evaluators. The initial training for all evaluators and the continuing evaluator training, in conjunction with administrator collaboration sessions in the district, will ensure inter-rater reliability. Mechanisms to ensure inter-rater reliability among evaluators so that all are scoring similar evidence the same way, will include a calibration process with practice using the scoring rubric during the annual training and also monthly during administrator meetings.

Annual Professional Performance Review - Education Law §3012-d, amended in 2019**Task 7. PRINCIPALS: Required Student Performance - Information and Assurances**

Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Required Student Performance Measures

Student performance for principals may be measured by either a student learning objectives (SLO) or an Input Model where the principal's overall rating shall be determined based on evidence of principal practice that promotes student growth related to the Leadership Standards.

STUDENT LEARNING OBJECTIVES

For guidance on SLOs, see NYSED SLO Guidance.

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the learning outcomes of a student population within the principal's building or program.

> Principal and building/program-specific

- **Principal and building/program-specific results:** scores and ratings will be based on the growth of students in the principal's building/program in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple buildings/programs of similar grade configuration or across multiple building/programs where the learning activities of one building/program indirectly contribute to student learning outcomes in another building/program. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where there is an opportunity for a collective impact on student learning;
- identifying which assessments could be used to help foster and support an LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> District- or BOCES-wide

- **District- or BOCES-wide results:** scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results:** scores and ratings for a group or team of principals will be based on the growth of students in the group/team of principals' buildings/programs in an LEA in the current school year.

ASSESSMENTS

Any of the measures above may be used with one or more of the following assessment types.

- **State assessment(s);** or
Assessment(s) that are selected from the list of State-approved:
- **third party assessments;** or
- **locally-developed assessments** (district-, BOCES- or regionally-developed).

INPUT MODEL

Selection of the Input Model will require:

Annual Professional Performance Review - Education Law §3012-d, amended in 2019**Task 7. PRINCIPALS: Required Student Performance - Information and Assurances**

- a description of the areas of principal practice that will be evaluated;
- a description of how the selected areas of principal practice promote student growth;
- a description of the evidence of student growth and principal practice that will be collected; and
- a description of how the district will use the evidence to differentiate effectiveness resulting in a score from 0 to 20 and ratings of Highly Effective, Effective, Developing, or Ineffective.

Assurances**Please check all of the boxes below.**

- ☒ Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.
- ☒ For principals evaluated using an SLO, assure that such SLO is determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- ☒ For principals evaluated using an SLO, assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- ☒ For principals evaluated using an SLO, assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- ☒ For principals evaluated using an SLO, assure that if the principal's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- ☒ For principals evaluated using an input model, assure that all applicable principals will be evaluated using the procedures described herein and approved by the Commissioner.
- ☒ Assure that processes are in place for the superintendent to monitor SLOs and input models.
- ☒ Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

Required Student Performance for Principals**Please choose the option that best describes the required student performance subcomponent for principals in your LEA.**

Task 7. PRINCIPALS: Required Student Performance - Weighting

Use of the Optional Subcomponent and Student Performance Category Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the percentage of Student Performance category attributed to the Required subcomponent will be locally determined.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.

Annual Professional Performance Review - Education Law §3012-d, amended in 2019**Task 8. PRINCIPALS: Optional Student Performance - Use of the Optional Subcomponent**

Optional Student Performance Subcomponent

For guidance on the Optional subcomponent of the Student Performance category, see NYSED APPR Guidance.

Percentage of Student Performance category to be locally determined if selected.

Such second measure shall apply in a consistent manner, to the extent practicable, across all programs or buildings with the same grade configuration in the LEA and be a locally selected measure of student growth or achievement based on State-created or -administered assessments or State-designed supplemental assessments.

Options for measures and associated assessments include:

- Option (A) A second SLO, provided that this SLO is different than that used in the required subcomponent;
- Option (B) A growth score based on a statistical growth model, where available, for either State-created or -administered assessments or State-designed supplemental assessments;
- Option (C) A measure of student growth, other than an SLO, based on State-created or -administered assessments or State-designed supplemental assessments;
- Option (D) A performance index based on State-created or -administered assessments or State-designed supplemental assessments;
- Option (E) An achievement benchmark on State-created or -administered assessments or State-designed supplemental assessments;
- Option (F) Four, five, or six-year high school graduation rates;
- Option (G) An input model where the principal's overall rating shall be determined based on evidence of principal practice that promotes student achievement related to the Leadership Standards; or
- Any other collectively bargained measure of student growth or achievement included in the LEA's evaluation plan.

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any principal.

Annual Professional Performance Review - Education Law §3012-d, amended in 2019**Task 9. PRINCIPALS: School Visits - Rubric and Scoring****Principal School Visit Category**

For guidance on the Principal School Visit category, see NYSED APPR Guidance.

Principals' professional performance shall be evaluated based on a State-approved rubric using multiple sources of evidence collected and incorporated into the school visit protocol. Where appropriate, such evidence may be aligned to building or district goals; provided, however, that professional goal-setting may not be used as evidence of teacher or principal effectiveness. Such evidence shall reflect school leadership practice aligned to the Leadership Standards and selected practice rubric.

Principal Practice Rubric

Select a principal practice rubric from the menu of State-approved rubrics to assess performance based on ISLLC 2008 Standards.

| Rubric Name | If more than one rubric is utilized, please indicate the group(s) of principals each rubric applies to. |
|---|---|
| Multidimensional Principal Performance Rubric | (No Response) |

Rubric Assurances

Please check all of the boxes below.

- ☒ Assume that all observable ISLLC 2008 Leadership Standards/Domains of the selected practice rubric are assessed at least once a year across the total number of annual school visits.
- ☒ Assume that the process for assigning points for the Principal School Visit category will be in compliance with the locally-determined subcomponent weights and overall School Visit category score and rating based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents.
- ☒ Assume that the same rubric(s) is used for all principals in the same or similar programs or grade configurations across the LEA, provided that LEAs may locally determine whether to use different rubrics for a principal assigned to different programs or grade configurations as indicated in the table above.
- ☒ Assume that the same rubric(s) is used for all school visits for a principal across the school visit types in a given school year.

Process for Weighting Rubric Domains/Subcomponents

For guidance on the Principal School Visit category, see NYSED APPR Guidance.

Please describe the process for rating and scoring the selected practice rubric consistent with the Department's regulations.

Your description should provide the complete process, including the following:

- The process for designating observable components (please note: all principals of the same building configuration/program must be evaluated based on the same set of observable components);
- The level at which components of the chosen rubric are rated (i.e., domain, subdomain, indicator, etc.);
- How the final score and rating for each observable component of the practice rubric is determined for each observer; and
- How the final score for the required (i.e., lead evaluator/evaluator; independent evaluator) and/or optional (peer principal, as applicable) subcomponent of the School Visit category is determined based on the final score and rating for each observable component.

Example: All subcomponents of Domains 1-4 of the MPPR rubric have been negotiated as observable. Domains 1, 2 and 3 are weighted as 30% each, and Domain 4 is weighted as 10%. For each school visit, all observed subcomponents in a domain are weighted equally and averaged to create a domain score, which is then weighted as above and averaged to reach a final score for each school visit. Scores for each school visit are weighted equally and averaged to reach a final score for each school visit type. The district will ensure that all subcomponents designated as observable will be observed at least once across the school visit cycle.

All observable components will be weighted equally and averaged.

Task 9. PRINCIPALS: School Visits - Rubric and Scoring

Please check each of the boxes below.

- ☒ Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the ranges indicated below.
- ☒ Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified below, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all school visits, a score of 0 will be assigned.

Principal School Visit Scoring Bands

The overall School Visit score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

School Visit Assurances

Please check all of the boxes below.

- ☒ Assure that the following elements will not be used in calculating a principal's school visit category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of principal practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; and/or use of professional goal-setting as evidence of principal effectiveness. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.

Principal Improvement Plan Assurances

Please check each of the boxes below.

- ☒ Assure that the LEA will formulate and commence implementation of a Principal Improvement Plan (PIP) for all principals who receive an overall rating of Developing or Ineffective by October 1 following the school year for which such principal's performance is being measured or as soon as practicable thereafter.
- ☒ Assure that PIP plans developed and implemented by the superintendent or his/her designee, in the exercise of their pedagogical judgment, and subject to collective bargaining to the extent required under article 14 of the Civil Service Law, shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a principal's improvement in those areas.

Principal Improvement Plan Forms

All PIP plans developed and implemented by the superintendent or his/her designee, in the exercise of his/her pedagogical judgment, must include:

- 1) identification of needed areas of improvement;
- 2) a timeline for achieving improvement;
- 3) the manner in which the improvement will be assessed; and, where appropriate,
- 4) differentiated activities to support a principal's improvement in those areas.

As a required attachment to this APPR plan, upload the PIP forms that are used in the LEA.

Annual Professional Performance Review - Education Law §3012-d, amended in 2019**Task 11. PRINCIPALS: Additional Requirements - Appeals**

Appeal Assurance**Please check the box below.**

- ☒ Assure the LEA has collectively bargained appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.

Appeals

Pursuant to Education Law §3012-d, a principal may only challenge the following in an appeal to their LEA:

- (1) the substance of the annual professional performance review; which shall include the following:
 - (i) in the instance of a principal rated Ineffective on the student performance category, but rated Highly Effective on the school visit category based on an anomaly, as determined locally;
- (2) the LEA's adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d;
- (3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents; and
- (4) the LEA's issuance and/or implementation of the terms of the principal improvement plan, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

Annual Professional Performance Review - Education Law §3012-d, amended in 2019

Task 11. PRINCIPALS: Additional Requirements - Appeals

Describe the procedure for ensuring that appeals of annual performance evaluations will be resolved in a timely and expeditious manner.

APPEALS

To the extent that an administrator wishes to issue an appeal, the following appeals procedure is established.

1. Appeals will be limited to the following situations:
 - a. A Principal completing the first year of a probationary appointment may appeal only an ineffective APPR overall rating; any other Principal will be able to appeal an Ineffective or developing rating.
 - b. The scope of any appeal will be limited to the following subjects:
 - a. The substance of the individual's annual professional performance review including (i) in the instance of a principal rated Ineffective on the student performance category, but rated Highly Effective on the school visit category based on an anomaly, as determined locally;
 - b. The District's adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012(d);
 - c. The adherence to the Commissioner's regulations, as applicable to such reviews;
 - d. Compliance with any applicable locally negotiated procedures regarding annual professional performance reviews as limited by Section A, above. The LEA's issuance and/or implementation of the terms of the principal improvement plan, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.
 - e. The entire appeals record will be part of the administrator's APPR.
 - f. The appeals procedure constitutes the exclusive means for initiating, reviewing, and resolving any and all appeals. An administrator may not resort to any other contractual grievance procedure for the resolution of these appeals, except as otherwise authorized bylaw.
 - g. Nothing in the appeals procedure will restrict the right of the district or the obligation of the Principal to proceed in accordance with otherwise standard practice, e.g., implementation of an improvement plan or denial/granting of tenure for constitutionally and statutorily permissible reasons, including performance, while an appeal is pending.
 - h. The only reason for an appeal on a PIP is the issuance of a PIP or the implementation of the PIP.
2. A principal may not file multiple appeals regarding the same performance review. All grounds for appeal must be raised with specificity within one appeal. Any grounds not raised at the time the appeal is filed shall be deemed waived, unless the parties agree that new information may impact the overall appeal.
3. In an appeal the principal has the burden of demonstrating a right to relief requested and the burden of establishing the facts upon which petitioner seeks relief.
4. The following timelines will be strictly adhered to unless extended by mutual agreement. Regardless of the extension of any time frames, the appeals process will be followed as written. Failure of the petitioner to meet a timeline will nullify the appeal; failure of the respondent to meet a timeline will allow movement of the appeal to the next level. Regardless of the extension of any time frames, the appeals will be concluded in a timely and expeditious fashion consistent with subpart 30-3 of the Rules of the Board of Regents.

LEVEL 1-LEAD EVALUATOR (SUPERINTENDENT)

- a. (Informal) Following receipt of a Principal's annual evaluation, the Principal is encouraged to immediately schedule a follow up meeting, within ten (10) business days, to informally discuss with the Superintendent any and all related issues. If the Principal has additional supporting evidence to share with the Superintendent regarding a particular element(s) of the evaluation, the Principal is encouraged to do so at this level.
- b. (Formal) If the Principal chooses to submit a formal appeal, the Principal may request, in writing, a review by the Superintendent of Schools. The written appeal shall articulate in detail the basis of the appeal to the Superintendent of Schools. Failure to articulate a particular basis for the appeal in the aforesaid appeal writing shall be deemed a waiver of that claim. Level (a) and (b) shall take place within ten (10) business days, occurring during the school year including summer recess, of the receipt of the administrator's annual evaluation or the date of the informal meeting, whichever is later.
1. If a Principal is challenging the issuance or implementation of a principal improvement plan, the appeal must be submitted in writing within ten (10) business days of the issuance of the plan or within ten (10) days of the District's failure to implement any component of the plan.
2. When filing an appeal, the Principal must submit a detailed written description of the specific grounds for the appeal of the performance review being challenged. Along with the appeal, all supporting documentation must be submitted, or specifically noted if pending. Any grounds for appeal or

Annual Professional Performance Review - Education Law §3012-d, amended in 2019**Task 11. PRINCIPALS: Additional Requirements - Appeals**

any supporting documentation/information not submitted or noted at the time the appeal is filed shall not be considered, unless it is mutually agreed upon by the parties to consider the new documentation/information.

3. Within ten (10) business days of receipt of an appeal, the Superintendent must submit a detailed written response to the appeal. Along with the response, all supporting documentation must be submitted, or specifically noted if pending, as well as any additional documents or materials relevant to the response. Any supporting documentation/information not submitted or noted at the time the response is issued shall not be considered in deliberations related to the resolution of the appeal. The principal initiating the appeal, and the Administrators' Association President(s), shall receive copies of the response and any and all additional information submitted with the response.

LEVEL 2- PANEL

1. Within five (5) business days of receipt of the Level 1 response, if an administrator is not satisfied with such response and if the administrator's Association deems the appeal meritorious, the Association must submit the appeal to a bipartisan panel comprised of (2) panelists - 1 from retired Superintendent's ranks and 1 from retired Principal ranks. The district will seek a retired Superintendent and the association will seek a retired Principal. The individuals chosen will be mutually agreed upon by the association and the district. The panel will be provided the entire appeals record; however, the appellant, as well as the anonymity of the panel members will be protected as much as possible. These panelists must be trained in the APPR process.

2. Within ten (10) business days of receipt of the Level 2 administrator's association's appeal, the panel will jointly conduct a paper review and deliberation of the matter, and will issue a written recommendation within those ten (10) business days for resolution to the Principals' Association President and the Superintendent of Schools. The recommendation may be to deny the appeal, to sustain the appeal and grant remedy; Consensus decisions on appeals of Developing Ratings will be final and binding at this stage. Appeals of ineffective ratings and split decisions on an appeal of a developing rating will proceed to level 3 below. If a person is not tenured, and has an ineffective rating, the superintendent may move to dismiss the administrator given proper written notice, for constitutionally and statutorily permissible reasons.

LEVEL 3- SUPERINTENDENT

1. Within ten (10) business days of receipt of the Level 2 recommendation for resolution, the Superintendent of Schools will give due consideration to the panel's recommendation and will issue a final and binding decision, in writing, to the appellant, to the Principals' Association, and to the panel members. Whether the appeal is denied, sustained, the Superintendent may set aside or modify a rating or improvement plan or order a new improvement plan if procedures have been violated. The determination of the Superintendent will be final and shall not be grievable, arbitral, nor reviewable in any other form; however, the failure of either party to abide by the above agreed upon process shall be subject to the grievance procedure.

EXCLUSIVITY OF THE APPEAL PROCEDURE

This appeal procedure shall constitute the means for initiating, reviewing and resolving challenges to an administrator's performance rating or improvement plan.

- ☒ The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a principal's evaluation. Note: independent evaluators and peer principals need only be trained on elements 1, 2, and 4 below.

Training of Lead Evaluators, Evaluators, Independent Evaluators, and Peer Principals and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent evaluators and peer principals, and certifying and re-certifying lead evaluators must include:

- 1) the process for training lead evaluators and evaluators, including impartial independent evaluators and peer principals;
- 2) the process for the certification and re-certification of lead evaluators;
- 3) the process for ensuring inter-rater reliability; and
- 4) the nature (content) and the approximate duration (how many hours, days) of such training.

Describe the process for training evaluators, including impartial and independent evaluators and peer principals, and certifying and re-certifying lead evaluators.

The Superintendent will ensure that all evaluators (lead evaluators, evaluators, and independent observers) are trained and certified/re-certified in accordance with regulation. All evaluators will be trained with the Multi-dimensional Principal Performance Rubric Evaluation Training provided by BOCES or District Turnkey Trainer. All evaluators shall successfully complete a training course that meets the minimum requirements as prescribed by regulation, and shall be trained on the nine required elements of Regents' Rules 30-3.10. First-time certification training for all evaluators will consist of 2 full days of training. All previously certified Evaluators will attend four hours of training in order to maintain their certification annually. Upon completion of the training for all evaluators, the BOCES or District Turnkey Trainer will certify all evaluators. The initial training for all evaluators and the continuing evaluator training, in conjunction with administrator collaboration sessions in the district, will ensure inter-rater reliability. Mechanisms to ensure inter-rater reliability among evaluators so that all are scoring similar evidence the same way, will include a calibration process with practice using the scoring rubric during the annual training and also monthly during administrator meetings.
